

Blok 4 les 1.

1. Rekenrekken verkennen. Wijze van neerzetten bespreken. Twee minuten laten ontdekken wat de leerlingen er mee zouden kunnen doen.

Enkele leerlingen vertellen erover.

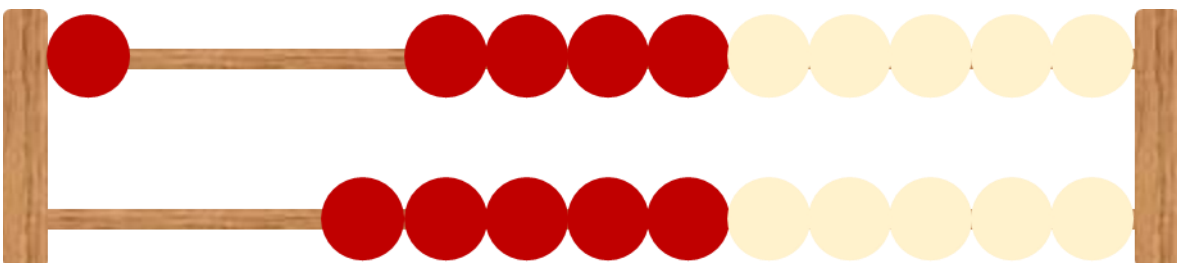

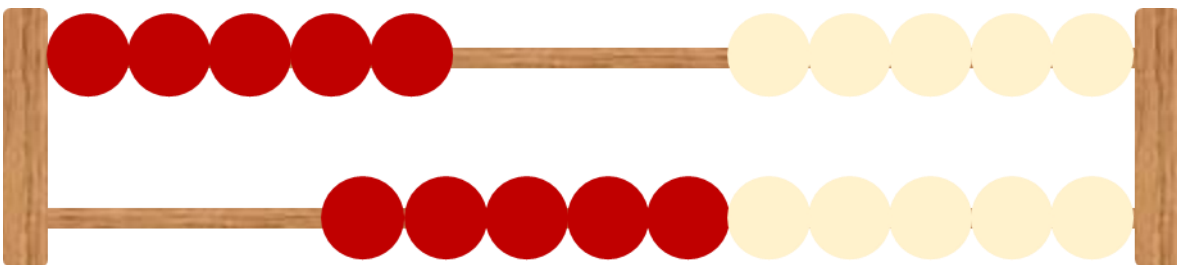

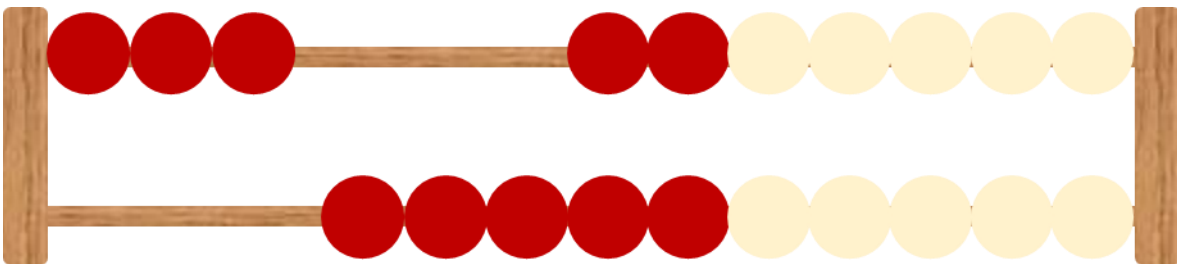

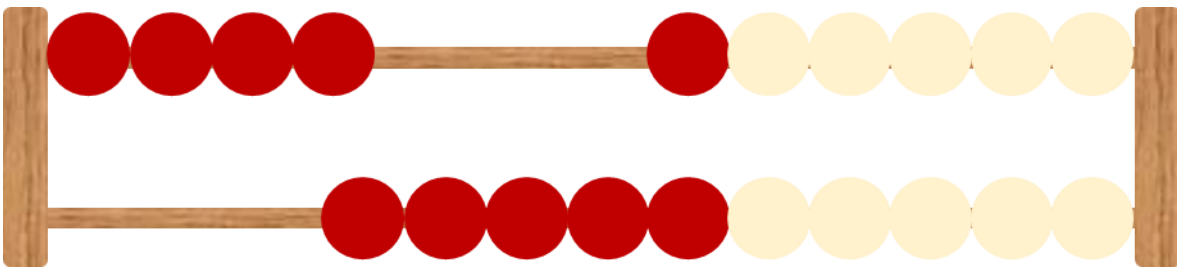

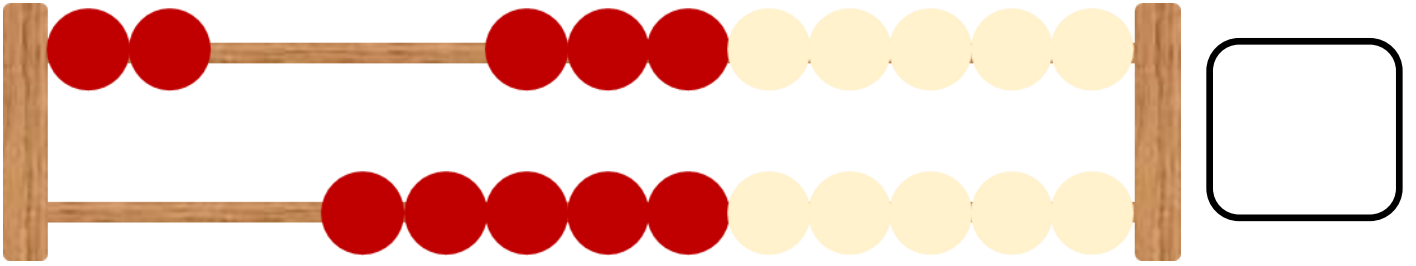

2. Verkennen van het rekenrek over het tiental.

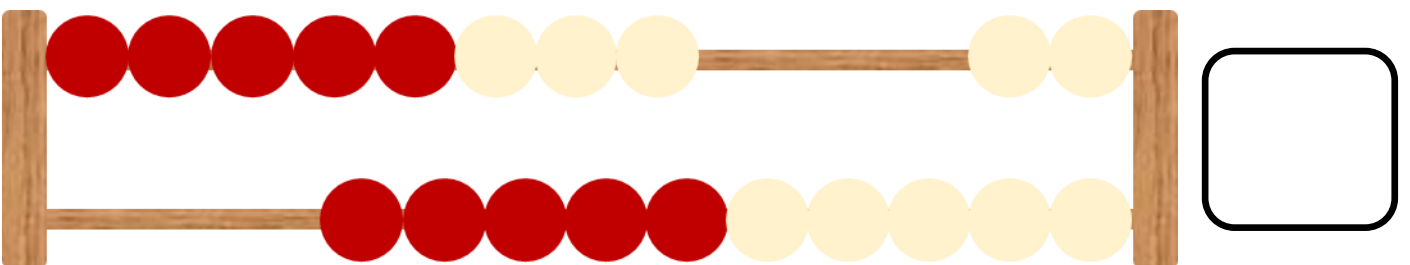

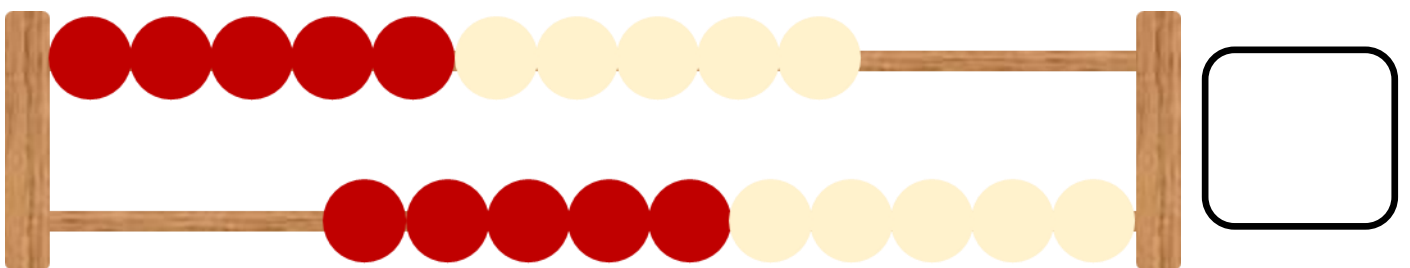

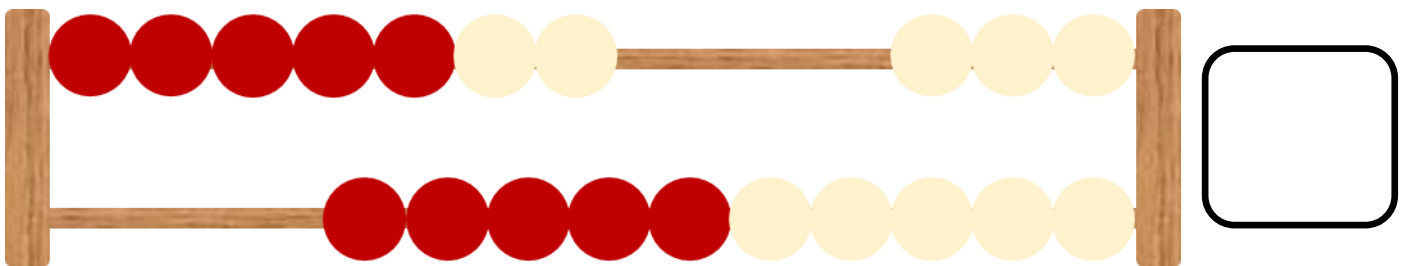

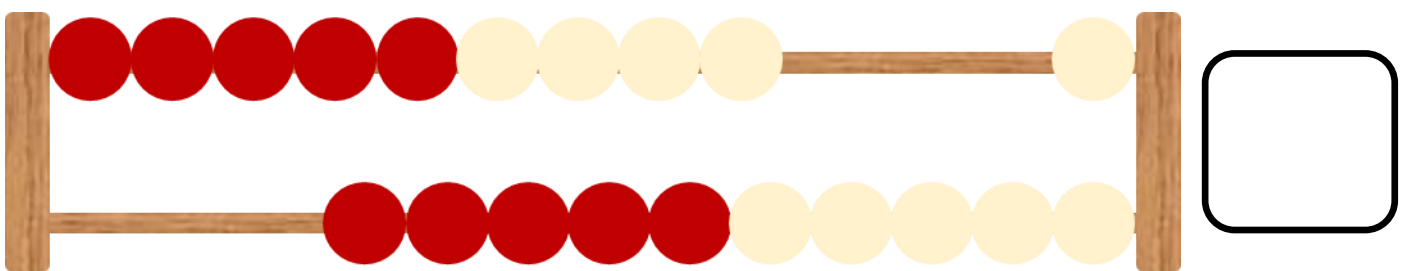

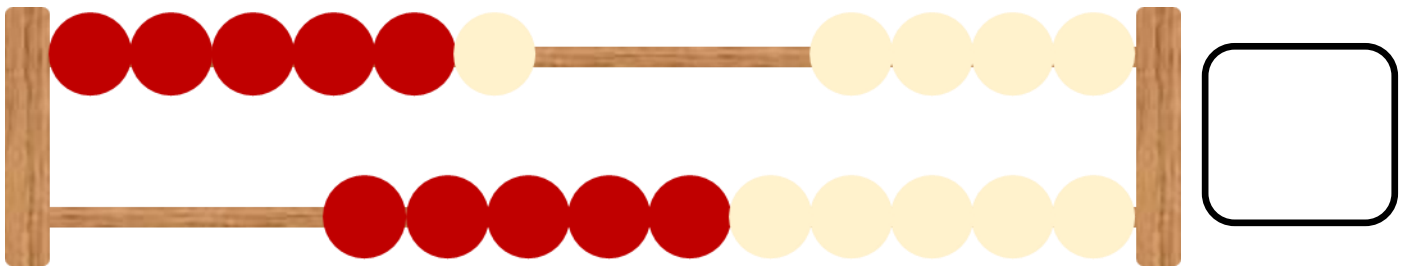

Zet 1 op het klassikale rekenrek (digibord) Laat de kinderen mee handelen.

Doe er 1 bij, benoem het getal. Zo stap voor stap tot 10 laten zien.

3. Werkblad 1-4.

Hoeveel kralen?

Teken de kralen.
